

Milton Keynes Neighbourhood Watch Association

Everyone in the Community would like the area in which they live to be safer and more secure. The **Milton Keynes Neighbourhood Watch Association** is committed to establishing and supporting **NHW** schemes that can help achieve this desire. With residents and the police working together **Neighbourhood Watch** schemes can help reduce crime.

BENEFITS when you are a member of a scheme

- Signs and stickers to act as a deterrent to criminals
- Receive messages about local burglaries and crimes
- Get to know and help your community
- Reduced one-off cost for Smartwater
- Reduced premiums from some insurance companies
- Get to know your police officers and PCSOs
- Get to know your neighbours better!

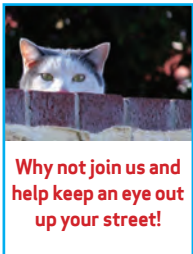

SMARTWATER - smarter than your average water!

Residents who use Smartwater to mark their property are five times **less** likely to become a victim of burglary. Smartwater has an embedded 'forensic fingerprint', which links owners with their property and criminals to the crime scene. It's available to MKNHWA members at a discounted price and no annual fee.
